

VA MS CENTERS OF EXCELLENCE **VETERAN & CARE PARTNER EDUCATION**

The VA Multiple Sclerosis Centers of Excellence collaborate with Veterans, care partners, health care professionals, MS advocates, Veteran service organizations, and community health care institutes to educate Veterans about their multiple sclerosis (MS) and encourage communication and active participation in care. Visit www.va.gov/MS to learn more about MS and care in VA.

VA MS CENTERS OF EXCELLENCE WEBSITE

The website contains information about MS symptoms and management, VA benefits and services, VA MS research, and educational programs and products. Also hear from Veterans living with MS through our Veteran articles and Veteran YouTube series.

“MS & VETS” PODCASTS

The monthly VA MS podcast series discusses important issues related to health and quality of life for Veterans with MS. Every episode has health care professional subject matter experts weighing in on important VA and MS issues.

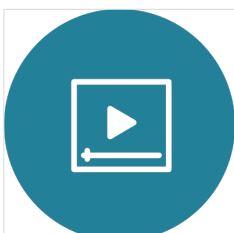

“MS VETERAN” E-NEWSLETTER

The quarterly e-newsletter is delivered directly to the e-mail inbox of Veterans. It includes information about living with and managing MS, virtual educational opportunities, and benefits and resources specific to VA health care.

OVERVIEW OF MS FOR VETERANS BOOKLET

The booklet is a great resource for Veterans newly diagnosed with MS or new to VA care. Information about MS, multi-disciplinary care, VA services and benefits, self-management, and resources are provided as well as vignettes from Veterans with MS.

“MS & ME” YOUTUBE VIDEOS

The YouTube series features Veterans, their care partners, and health care providers talking about issues that effect Veterans with MS. Learn about how Veterans with MS manage their disease and work with their health care team to live their best life.
